

**Model:** **ICON**

**Code:** **UG00002**

**Colour:** **YELLOW FLUO / YELLOW FLUO**

## DESCRIPTION

Lightweight and practical **work gloves against mechanical and thermal hazards** with nylon spandex coating and **fineness 15** which guarantee **excellent sensitivity and dexterity** at work.

The **nitrile micro-foam coating on the palms** ensures that these **yellow work gloves** are stretchy and breathable, for **maximum comfort and protection** throughout the day.

**Touch screen gloves** with an excellent adherence both in damp and dry environments, to keep your hands fresh and dry all day long. **Level of dexterity 5.**

**Warehouse worker gloves**, for the **aerospace, automotive** industries, **machinery and equipment, metal fabrication, automotive aftermarket, emergency medical services, petrol and gas, public utility services**, small parts **assembly**, ideal for **handling** generic and raw materials and for **adjustment systems** for the pick-up **fastening** and **screwing** of components.

The style is available in packs of 12 and 144 pieces.
