

Model: SAMBA

Code: UG00018

Colour: GREY / GREEN

DESCRIPTION

Samba are the **U-Power work gloves** offering effective protection against mechanical and thermal hazards with **B cut resistance**. Featuring a **15-needle finish**, these gloves provide an improved sense of touch, facilitating precision work.

The **PU-FOAM coating** ensures **excellent dexterity and breathability**, preventing hand perspiration and making them **ideal for works in logistics, construction, service and manufacturing**, and **automotive** industries.

The **stretch Nylon cuff** ensures superior comfort during prolonged use, while the **touch feature** allows the use of smartphones and tablets without having to remove the gloves. **Perfect in both wet and dry environments**, Samba gloves combine protection, comfort and high performance, making them the ideal choice for professionals looking for reliability and precision.

Available in packs of 12 and 144 pieces.
